

HSL CABLES AND ADAPTERS

HSL offers a diverse range of cables and format converters.

Select cable sets are specifically designed for HSL Secure KVM products and play a critical role in the system security evaluation and testing process, ensuring signal integrity and controlled radiated emissions. TAA-compliant versions of these cables are also available.

Video Format Converters

HSL's compact HDMI and DisplayPort (DP) adapters support up to 4K UHD at 60 Hz and require no external power supply or drivers.

Secure adapter variants are available with an integrated video isolator, enforcing unidirectional monitor connectivity.

MODEL	DESCRIPTION	PC SIDE	CONSOLE SIDE	LENGTH
CU18/CUT18*	KVM Cable - USB A to USB B 6ft/1.8M	USB A	USB B	6ft/1.8M
